Re: Public Records Act Request

Dear Mr. Sinyangwe:

This will confirm the City of Santa Clara's receipt of your Public Records Act request, received on October 17, 2018, regarding reports, lists, databases and documents created since January 1, 2016, that detail lawsuits brought against the City's police department and the outcome of such lawsuits. Attached is the City's loss run, which contains the information you have requested. Unresponsive information has been redacted. Documents have been withheld from production under the attorney-client and attorney work-product privileges (Government Code §6254(k), Evidence Code §952).

Thank you.

Sincerely,

Sujata Reuter  
Assistant City Attorney
